Therapy

What to expect?

Hello

My name is Louise, and I am a Speech and Language Therapist working for Liverpool Speech Therapy. We are an independent children's Speech and Language Therapy Service, working in schools across Merseyside. I work at the Blessed Sacrament Base every Monday. I will be the Therapist who sees your child in their school sessions.

What to expect...

- Your child has been referred to Liverpool Speech Therapy by their school. They will be assessed by us, and this will decide whether they need our support, and if so, what this will look like!
- We work directly, in schools, to provide the best outcomes for children. This includes giving activities to practise at school/home, in between our sessions. This is very important to help your child make progress.
- Some children don't need our support, and they will be discharged from our Service.
- If your child is also seen by the NHS Speech and Language Therapy Service, we will liaise with them to make a joint plan.

Assessment and therapy

- We will assess your child's speech, language, and/or communication skills.
- After assessment, we will write a report. This will be sent to you and the school SENCO, who is responsible overseeing children with special educational needs.
- Depending on the assessment outcome, your child will either be seen for therapy, or, they will be discharged if they don't need our support. The report will tell you what to expect in their journey with us, and might give you other ideas to help.
- Each child is unique and therapy sessions look different for the children we see.
- Each child's progress will be monitored until they are ready to be discharged.
- You can get in touch with us to receive updates through your child's journey.

Keep in touch

Your feedback is important to us – if you would like to get in touch, my contact details will be on your child's report.

You can also find us on social media and Trust Pilot!
